### Moratorium on Starting New Curriculum Proposals

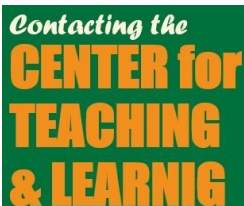

A short moratorium on starting new proposals has begun as we transition from one catalog year to another. This has no effect on proposals already started. You may continue to use Curriculog, but will not be able to start a new proposal during the approximately two-to-three week moratorium.

### FERPA Refresher Training

Vice Chancellor and General Counsel, Jesh Humphrey, is joining with Olga Pogorelsky from the Office of the Registrar to provide a FERPA refresher course. In our increasingly technological society, we continue to face new questions about what information constitutes a student's education record, what qualifies as written consent, and how to protect our students' privacy in various databases and online. Jesh and Olga will hit the FERPA highlights, cover new issues they've seen, and spend time fielding questions from the audience.

- Wednesday, June 14, 9:00 - 10:15 AM ([Register](#))

### Camps for Kids

The UNC Charlotte Writing Project is pleased to present the Young Writer's Camp, July 10-14 and July 17-21 at UNC Charlotte. Children attending this camp will have the opportunity to grow as writers. We will explore how young people can use their voices to make a difference; participants will use their writing skills the same way historians, journalists, philosophers, and lawyers do in a variety of different contexts. More information and registration is available on the [Office of Educational Outreach website](#).
